

Due: Sunday, 15 Sept 2013

Homework #2 – Maximin/Minimax

Policy: You can discuss these assignments together. But when it comes to actually doing the problems and putting pencil to paper, make it your own work. Please do not copy or allow someone else to copy your work.

1. For the following two (one-shot) matrix games, determine the maximin strategies and values for both players. Be sure to show your work.

	c	d
a	2, 2	0, 0
b	0, 0	1, 1

	a	b
a	4, 4	0, 3
b	3, 0	2, 2
